Nearest Tube is Northwood (10-15 minutes walk)

Parking

Although there is enough parking available can I please ask that you only park in certain areas as on occasions it can get busy in the close and it can make it difficult for my neighbours to get in and out of their driveways.

There are usually 2 spaces available on my driveway (one in the drive and one sideways up on the front grass).

There are usually additional spaces available down the wall/ fence/ bushes at the side of my house (around 2-3 spaces).

Otherwise there is ample easy street parking (which is usually empty) on both sides of Frithwood Avenue, less than 100 metres to my house. The restriction is only between 1pm to 2pm (just to stop commuters parking there).

Please see the following drawing! Any problems please call me.

Look forward to seeing you soon
